

District 6A Enters Float in Christmas Parade

November 15, 2008, District 6A, Thunder Bay, entered a float (“The Great White North”) in the Annual Rotary Club Christmas Parade for the very first time. Mcrae/Northern Deck Trucking donated the use of their flatbed tractor trailer. Members, their children, the Hillcrest High School Cheerleaders, and students in the Connections Alternative Education Program volunteered to decorate and participate in the parade either on the float or walking the parade route collecting donations for Kids Help Phone and giving out candies. They raised \$177.00 for the charity. District 6A matched the donation to bring the total to \$354.00. Everyone had such a good time that they are excited about making this an annual activity. Special thanks go to Ryley Hlady, Angie Macrae, our Christmas Elf, Sherry Stadey (aka “Jingles”) and all the people who made this a success.

/Rob Dubyk, President of District 6A, Thunder Bay. 🐾

Sherry Stadey, aka “Jingles the Christmas Elf”, conducts a lesson at the North Pole School in the Great White North.
